DELHI-110005

STUDIO PROFILE

The Studio-DV was conceptualized in the year 2011 to offer itself towards exploration of design in all the possible realms of social setup. The firm is aimed towards meaningful design innovations assuring the best of possible design solutions.

The Studio focuses on architectural design, technological innovation, and sustainable. With the support of a dynamic team of architects & interior designers it is currently working on a range of projects involving tangible and intangible design interventions. Through our work we attempt to project the importance of geometrical harmony integrated within design elements that form the visual apparatus of architecture design.

Studio-DV offers design consultancy for Design [Architecture, Interior, Furniture], Landscape Design.

GAURAV WATTS

ARCHTECT & INDUSTRIAL DESIGNER

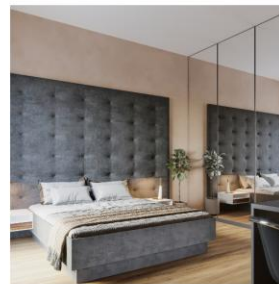

After Graduating as an Architect in the year 2006 from T.V.B. School of Habitat Studies and completing his Masters in Industrial Design in the year 2011 from School of Planning and Architecture, New Delhi, gained experience in the projects of varied scale by virtue of his deep interest in design.

He has been engaged in architecture education since year 2011. His current interest is in developing a progressive ambience for architecture design through rigorous training and design exploration.
